Troop 185 is a “Boy run” troop, meaning that the Senior Patrol Leader is Leads the troop at each meeting, as well as on Campouts. The SPL uses the patrol method to organize the troop, and to give each scout a leadership position in the troop. Being a boy run troop also means, Adult Leaders are present for guidance and support, rather than to lead. The reason that we use the boy run troop is it employs the qualities and ideals found in the BSA program to build character, foster citizenship, develop leadership, commitment to community, and appreciation for the outdoors.
